Julius Cain

Vice President, Co-Productions & Sales

The programming supplied to its client stations in public television syndication by BBC Worldwide Americas complies with the caption quality rules as set out by the Federal Communications Commission. Furthermore, BBC Worldwide Americas complies with the best practices inherent within the FCC captioning guidelines. However, a very small portion of the programming provided by BBC Worldwide Americas is exempt under one or more applicable exemptions, i.e. programs that run less than ten minutes in length.
