A Note for Grown-Ups

The summer is full of possibilities and so is your child! Play and learn all season long with activities, games, crafts, and shows curated by the team at PBS KIDS and at your local station. Get started with the resources below:

- **Summer Resources for All Families:** Spark your child's curiosity and inspire everyday fun with the activities in this easy-to-carry-anywhere book! Looking for more? Check out our summer collection on pbskidsforparents.org.

- **Watch Anytime, Anywhere:** Tune in to your local PBS KIDS station or 24/7 channel to watch episodes of your family's favorite PBS KIDS series!

  On the go? Download the PBS KIDS Video app to watch on your phone or mobile device. New features make it easy to download select videos for off-line viewing.

- **Stay Connected:** Sign up for the PBS KIDS newsletter on pbskidsforparents.org for family-friendly activities, news, and inspiration.

We hope you and your family have a happy summer!

Your friends at ARIZONA PBS KIDS
@azpbskids @arizonaeeducator

Alma hears music and the subway rumbling in her neighborhood. Sometimes she and her friends hear the sounds of animals. Step outside in your neighborhood and listen. What sounds do you hear? What might be making those sounds? Use this page to draw and write about the sounds in your neighborhood.
Instructions: Anyone can write their own creature adventure. You just need to choose your creature, select your setting (where the adventure takes place), and decide on the plot (what happens to the creature in the setting). Try for yourself!

There’s so much to explore when you’re outside! You and your family can enjoy going on a nature walk and talking about the things you see. Look at the pictures below. How many of these things can you find?

- Bugs
- Trees
- Flowers
- Pinecones
- Birds
- Squirrels
- Leaves
- Sun or Clouds

Draw something special you found.
Sharing Stories

Interview an adult family member to capture a memorable story about when they were a kid. Together, draw a picture to go with the story. Have you had a similar experience?

Let’s Explore: Five Senses

What do you observe with your eyes? Your ears? Your nose? Your skin? Explore your surroundings and look around you.

Let’s Share

Talk about what you discovered. What new questions do you have? You might use the words, “I noticed...” or “I observed...” and “I wonder...”

Animals in Alaska

Which fact matches each animal? Draw a line.

- **Puffin**
  - **A** My fur is usually red but my tail always has a white tip.

- **Moose**
  - **B** I am part of a team of dogs that pulls a sled.

- **Red Fox**
  - **C** I’m a bird that can swim underwater.

- **Husky**
  - **D** In winter, my fur becomes thick and white.

- **Bald Eagle**
  - **E** My tail legs and wide hooves help me walk in deep snow.

- **Arctic Fox**
  - **F** My wings can be 8 feet across when I spread them out.

---

INSTRUCTIONS
Step 1: Add a 4.5" x 3" photo or draw a picture of your family or friends.
Step 2: Show your framed picture to others.

Donkey Hodie

Just like Donkey Hodie cheered for Purple Panda, we can find support from others even when they might not be nearby. Create a Donkey Hodie “You Can Do It!” photo frame that you can look at when you need support.

“When I feel afraid, I can think about all the people who I have to cheer me on.”

A portrait is a picture of someone. A self-portrait is a picture you take or make of yourself.

Draw a self-portrait of you trying something new!

Leonardo da Vinci: It’s Okay to Try Many Different Things

Circus Fabuloso travels around the world to learn about culture, customs, and traditions. If Circus Fabuloso visited your neighborhood and spent time with your family, what would you want to share with Luna, Carmen, Andy, and Leo?

A Visit from Luna!

Did you know that the Moon doesn’t actually change shape? This “change” is really the shadow of Earth as it blocks the Sun’s light from reaching the Moon. From Earth, the Moon will appear to have different shapes depending on where it is in Earth’s orbit.

**Look up at the Moon each night and draw what you see!**

Date observations started: __________ Time to check Moon each night: __________

Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________

Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________

Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________

Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________ Date: __________________________

**Phases of the Moon**

- New Moon
- Waxing Crescent
- First Quarter
- Waxing Gibbous
- Full Moon
- Waning Gibbous
- Last Quarter
- Waning Crescent

**Emotions**

Draw a picture that illustrates the word “sad” in the box below. Then, choose seven more words to write and illustrate in the remaining boxes. After you’re done, talk about the emotions with someone else.

Sample words:

- loved
- upset
- surprised
- silly
- proud
- lonely
- nervous
- unhappy
