

Cats Learn To
BRUSH Their
Teeth

By: Claire Johnstone

Once there was a cat
who wanted to learn
to brush her teeth.

She asked her brother
if he knew how to brush
his teeth. Yes, I do
know how to brush
my teeth. Can you
help me brush my
teeth? I asked my
brother. He said yes.

First step, brush
your top and bottom
teeth. Second step,
brush your front and
back. Third step, brush
your tongue. Fourth
step, use water and
toothpaste.

Fifth Step, Use floss
too. Then you are
done

Thank you for
helping me learn to
brush my teeth. The End.
