

The Cavity-fighting,  
germ-grabbing  
Super Hero!

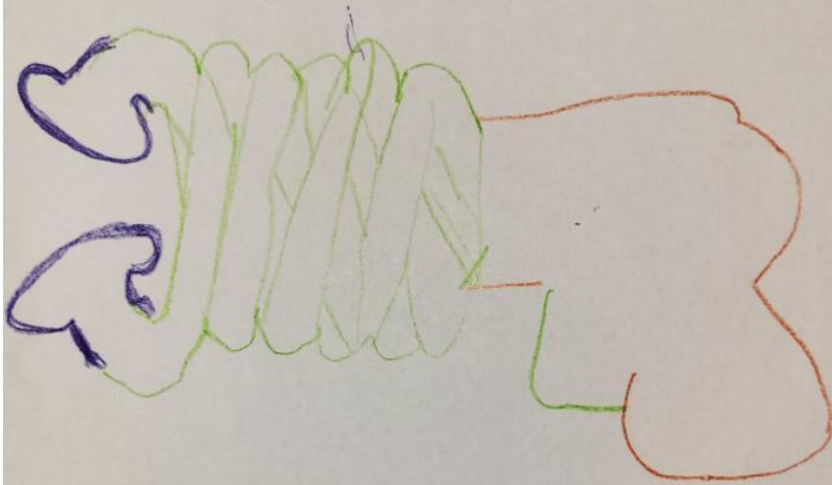

by  
Monty  
Molina

Meet Monty.

The cavity-fighting,  
germ-grabbing  
Super hero!

This is his special  
germ-grabbing tool.

He uses it to snag  
germs away to keep  
teeth squeaky clean.

Monty traps the  
germs into a cage and  
sprays with a special  
toothpaste waterhose  
until they disappear.

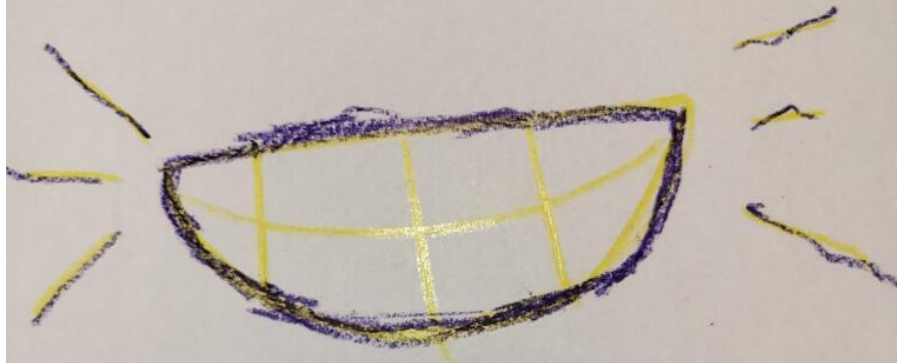

Germs are bad  
because they make  
your teeth rotten...

like a bad apple.

When germs disappear  
from our teeth our smiles  
grow healthy teeth and  
gums.

They look bright  
and shiny...

like a good apple.

Thank  
you for  
saving  
the day  
(and our  
teeth)  
Super hero  
Monty!
