

Funrise Elementary School
By: Diana DeAngelis

It all started one year ago in third grade. My friend and I were lining up to go to recess when we saw smoke coming out of the girl's bathroom. We decided to go in. It was coming from the closet that no one was allowed to go in. It said, "TEACHERS ONLY"! And we knew what that meant. "Mrs. Franny Only". Mrs. Franny was the principal of Sunrise Elementary School. And she is a witch!!! Like in Matilda. Besides she would not hurt people.

We opened the closet to find a big red button! And obviously we pushed it. BOOM, CLANK, BANG, POW, and it stopped. We opened the door and found the bathroom totally remodeled. The toilets were rainbow, and the sinks were floating. We walked into the hallway and saw everything that a school would not have. People were flying, dogs were talking, robots were teaching, fun was everywhere! Even the school was named Funrise Elementary School and not Sunrise Elementary School. There were no desks anymore. Instead, there were roller coasters! People would take pills that made their brain super smart. And there were no adults! Kids ruled the world! And I did not like that. I missed my family already. I wanted to go back immediately, but my friend did not want to. I finally convinced her. We went back to the bathroom, opened the closet, and pushed the button. BOOM, CLANK, BANG, POW, and it stopped. Everything was normal again. Well except for one thing. My friend had something on her shoe...a baby teaching robot. School will never be the same. THE END!
